

Overview Fiberpipe Pipe Systems

- 1) **Fiberpipe Centrifugal cast pipe CSEP10**
Epoxy resin centrifugal pipes in nominal sizes DN 25-400 with exact outer diameter and smooth surfaces
- 2) **Fiberpipe Centrifugal cast pipe CSVE10**
Vinyl ester centrifugal pipes in nominal sizes DN 25-400 with exact outer diameter and smooth surfaces
- 3) **Fiberpipe Centrifugal cast pipe CSEP16**
Epoxy resin centrifugal pipes in nominal sizes DN 25-400 with exact outer diameter and smooth surfaces
- 4) **Fiberpipe Centrifugal cast pipe CSVE16**
Vinyl ester centrifugal pipes in nominal sizes DN 25-400 with exact outer diameter and smooth surfaces
- 5) **Fiberpipe filament wound pipe DIN CSVE**
GRP filament wound pipe in vinyl ester resin with 2,5 mm chemical resistance layer according DIN 16965 Part 4
- 6) **Fiberpipe filament wound pipe DIN CSUP**
GRP filament wound pipe in polyester with 2,5 mm chemical resistance layer according DIN 16965 part 4
- 7) **Fiberpipe filament wound pipe type E**
GRP filament wound pipe in vinyl ester resin according DIN 16965 part 5
- 8) **Fiberpipe filament wound pipe type B**
GRP filament wound pipe with thermoplastic liner according DIN 16965 part 5
- 9) **Tanks and vessels**
Storage and process vessels in GRP with or without thermoplastic liner
- 10) **Processing instructions**
For bonding and laminating GRP pipe systems
- 11) **Corrosion Resistance Chart**
